

Bobi & Gabi Jakimovski

Together Reaching Macedonian Students for Christ

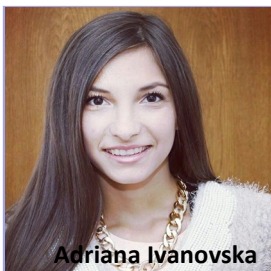

March, 2016

Dear friend,

God has been very good to us. We are thankful that we arrived in USA safe and sound. We are almost 12 days in California, staying with a wonderful family who is taking a very good care of us. The boys did great in the 13 hours flight and they needed only two days to adjust to the different time zone. It is great that I can see all the dear friends that I met 3 years ago and to introduce them to my family. We are all looking forward to what God has for us in the next 10 weeks.

Working on financial and prayer support is one of the most challenging and at the same time one of the most blessed work we do. We are building very close relationships with people that we would never meet if we didn't come to the USA to work on our support. God is bringing wonderful people in our lives, people who are faithfully praying and supporting God's work in Macedonia. We are immensely thankful that you are one of them. We pray that God will strengthen our friendship with this visit and continue to use us for His glory.

God is already at work

"I grew up in a (Orthodox) Christian family that believed in God, prayer and often went to church. From a very young age I got into the habit of reading the Bible, praying and believing that there is someone who loves the human kind so much, that he died on a cross for us. Still, I never knew, nor did I think thoroughly enough about the reason as to why Jesus had to die.

When I became a student, I was introduced to CRU. It's then that I started wondering if I had truly invited God into my life. After inviting God to work into my heart and take over the control of my life, I saw a huge difference in my thoughts and my behavior, and most important of all, I started feeling his presence daily. I know now that the righteous Jesus died on the cross to pay the price for our sins, to close the gap between us and God, to enable us to experience his love and his power. I genuinely trust God and His will because I know it's the best.

Now I find it really important to share with others about God's love. So I shared with my good friend Monika, and she became a believer. Her relationship with God has just begun, but I know that every day He gives her confirmation signs that she's on the right path."

We see a very humble heart and huge potential for serving and evangelism in this young girl. She is sharing her faith daily and she is already mentoring another girl. She is also assisting one of our student leaders in leading the Bible study group. We praise God for bringing this girl into our lives and our movement.

Prayer requests:

Please pray for our time in USA while we are sharing with friends what God is doing in Macedonia. **Pray** that God will bless our time together and strengthen our friendship and partnership.

Please also **pray** for accomplishing our financial goal. We need an additional \$1000 per month and \$5000 in one time gifts to cover our travel expenses.

Please pray for our staff and students in Macedonia while they are out on the mission field doing evangelism, mentorship and Bible study. Pray for guidance and protection,
