## Together Reaching Macedonian Students for Christ

August, 2021

Dear friend,

In July we had one evangelistic project and out of many great things that happened there we like to share with you some pictures and few words of thankfulness from one of the students ( Phillip ) who was part of this summer camp.

We had 12 students volunteers and 12 staff people. At the project the students had lot of spiritual food and were trained how to share the Gospel and lead others in the faith.

### Sharing the Gospel together

During those 10 days we had a chance to train our students to share the Gospel through different tools like booklets, bracelets, diagrams, surveys or games.

On this project most of our students had the first opportunity to share the Gospel with random people.

It was an awesome experience for all of us and for me was a great joy to watch them doing it!

A picture of me and Stephan (one of the student volunteers) sharing the gospel with this group of young men and giving them a New Testament

This is what Phillip ( one of the students who were part of this project and is really young believer ) wrote to us after the camp:

*"Dear brothers and sisters in Christ,*

*I would like to thank all of you for the great support and encouragement you have given me at the camp, especially in overcoming my much unwanted anxiety and shame of public appearances and evangelism among strangers.*

*I would like to express my special gratitude to the brothers Bobi, Oliver and Boban ( that is me ) with whom I often went to evangelism and learned from their works and experiences and ways of speaking and approaching.*

*With all this I just want to testify to you, that by the grace of God, through the Holy Spirit, my "anxiety" and "shame" from public appearing in the name of Christ have disappeared, or at least I think so, because yesterday without a shred of self-criticism and without any negative feeling in myself that I had until then, in front of a large number of people I read some of the Psalms of David and the feeling after that was really great to me!*

*And once again, finally, I thank God for sending you all into my life to be of great support to me. AMIN "*

## Studying the Bible together

We also had interactive bible studies, all of the bible studies were led by students. Most of the tools and guides we use with the students are easily transferable concepts because we are hoping and wanting our students to lead other students in their faith and be equipped with tools that will help them. This summer project was a great chance for them to try and see that God can use them in the lives of other people. In all the bible studies we had the chance to talk about WIN (Winning people for Christ) BUILD (Learning them

to walk with God and share their faith and SEND ( Reaching others with the gospel) who are one of the main principles in the Cru movement.

We can pray that now God will use each of them in their homes, faculties and that God will bless each of them with new disciples.

## Family Camp

We are very happy that in July we also got the opportunity to have a 3 day family camp in one of the beautiful mountains in Macedonia. We had 12 families and a group of 5 Americans who came from Arkansas to help us with the camp. We had three seasons with different topic from the Bible for discussion while the kids were having fun activities and Bible stories with the team from USA.

It was very blessed time and all the people had the opportunity to hear the gospel multiple times. Please pray that God will continue to work in their hearts and grow the seeds that were planted.
