

Together taking faith steps to accomplish great things for God.

September, 2022

Beloved ministry partner,

The past 2-3 weeks you have been in our thoughts and prayers especially as we want to tell you about the changes that have taken place in the ministry. After much thought and prayer and after 14 years of ministry with high school and university students God led Gabi and me into a new ministry that is also a Cru mission but is connected to Planting churches and starting home faith communities. This ministry is known as GCM and is part of Cru mission.

Our Mission. The global mission of Campus Crusade for Christ is to win, build and send Christ-centered multiplying disciples who launch spiritual movements.

Global Church Movements (GCM) contributes to the fulfillment of the mission by helping establish vital, multiplying and sustainable churches and faith communities, one for every thousand people, in every rural village, suburban neighborhood, urban high-rise and digital community. This would include every tribe , tongue, people and nation. (Revelation 7:9)

You can read more about GCM at this link: <https://globalchurchmovements.org>

Praise God that for the past 14 years, God has used us together with you in the lives of many young students who have become followers of Christ and are serving in various places in our society and in Europe. We are very happy that we can make a great contribution to the ministry in Macedonia with young people and also take part in starting new movements in many cities in Macedonia and Eastern Europe.

Before us now stands a new great challenge and we believe that God will lead us and use us for His glory in leading and starting churches and local faith communities. We are immensely thankful for you, dear friend, for your faithful prayers and support to us and our ministry all this years. Please continue to support our work for the Lord and lift us in your prayers for God to gives us clear directions and courage in the new challenge.

Our vision is to start home communities and the multiplication of those communities in our neighborhood and everywhere in Macedonia guided and filled by the power of the Holy Spirit and blessed by Jesus Christ. We want to partici-

pate in the planting of healthy faith communities and churches where the Gospel is preached and our Triune God is glorified.

The field of work is big and only in the neighborhood where we live there are 60,000 to 70,000 inhabitants and there are only 3 Christian communities, which means that the call is clear— to go and to tell people about Christ .

Panoramic picture of our neighborhood.

National Leadership Development

In addition to this great challenge, I also took the responsibility in the National Leadership Development, which is related to building and investing in our staff and building up a new leaders that are much needed. I have a great desire to help in equipping our staff with leadership skills through various trainings.

Cru Macedonia has 25 national full-time staff and my role will include more processes for growth, training and care for them. Please keep me in your prayers for this new role.

"And Peter said to them, "Repent!" And let each of you be baptized in the name of Jesus Christ for the forgiveness of your sins; and you will receive a gift from the Holy Spirit." Acts 2:38

The first baptism in our community

Dear partner, in our past letters we have shared with you that we are in partnership with our good friends from IMB Jeff and Amy and have been leading a home community for four years now. After 4 years of prayer, evangelism and leading the home community, God gave us fruits that we rejoice with and we already have several people who have accepted Christ. Praise God that three of them were baptized at the end of August.

Marjan(first picture above) is a man who lived for 55 years in the world without Christ, 7 months ago he believed and now he was baptized and has a wonderful testimony that I will write about, in one of our following letters.

Elena (second picture) is a woman who became a believer through the English classes that were organized and is now actively involved in weekly activities and Bible study.

I also had the opportunity to do this act of water baptism for the first time and I was very glad to be able to baptize Verche. Verche is Mile sister and he testified to her. Mile believed in God through Nikolche, who was his college roommate, and God used me to share the gospel to Nikol-

che. That is why I am especially glad that God gave me the opportunity to baptize the sister of one of the students in whom I could invest spiritually. I am writing this so that you too can rejoice in the joint work, and of course the results belong to God and it is for the glory of God. Now that we are part of the new GCM ministry we will be able to get much more involved in the work of planting Christian communities and churches by working together with you within the Body of Christ.
