October 2022

Hi friends,

Welcome to October, the tenth month of the year, but the name itself actually means 8th. It was moved to tenth when Julius Caesar added two months, January and February to the calendar. It was during this month that Christopher Columbus landed in America, on October 12, 1492. We hear all kinds of “revisionist history” saying that Columbus came to steal the wealth of people in the new world.

Or that he brought diseases that killed off the Native Americans.

Here is a part of the petition Columbus sent to Ferdinand and Isabella to set sail for new lands... “Your Highnesses, as a Christians who love and promote the holy Christian faith, and are enemies of Islam and of all idolatry and hearsay request that you send me, Christopher Columbus, to the above mentioned territories to convert the people to our holy faith.”

At the same time, neither he nor Magellan nor almost anyone else in the world believed that the world was flat.

As our history and our faith are both being replaced with lies, from preschool age on up, we must defend truth. If we fail to do so now, our children and grandchildren will be lost to the kingdom. Be brave. Be bold. Be courageous. You are soldiers of the cross of Jesus the Christ

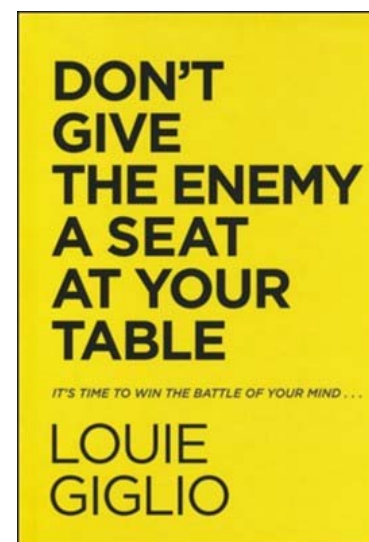

Have a great month.

Jesus loves you.

Pastor Brian

Wednesday morning Bible Study has resumed and we are discussing the study by Louie Giglio.....
